Pray for our partner, a local pastor who is proclaiming the Good News throughout the region.
SAT & SUN 9-10	WEEKEND PRAYER FOR UPGs PRAY for the Oromo Garre Country: Kenya Population: 886,000 Language: Garre Main Religion: Islam Evangelical: 0.01% The Garre are a sub-tribe of a much larger ethnic group known as the Somali. Those living in Kenya are concentrated mainly in the Wajir and Mandera districts. Most of the Garre are nomadic herders. They live in portable huts made of bent saplings that are covered with animal skins or woven mats; the women live in separate huts. Villages are made up of several related families. The Somali tribes were converted to Islam in the 1400s. Today, the Garre are virtually all Shafiite Muslims. They are very orthodox in their religious practices. In recent years, the northeastern regions of Africa have suffered from severe drought. Healthcare facilities are also insufficient to meet the needs of the people. Pray that God would send workers to the Garre to meet their physical and spiritual needs.

SAT & SUN 23-24	WEEKEND PRAYER FOR UPGs PRAY for the French Jew Country: France Population: 453,000 Language: French Main Religion: Ethnic Religions Evangelical: 0% Jews represent the oldest monotheistic religion. The Jews of Europe arrived on the continent at least 2,000 years ago during the early days of the Roman empire. Since then, they have been a significant influence in the history and culture of Europe. Much of what is considered “Jewish” today finds its roots among the European Jews. For religious Jews, God is the Supreme Being, the Creator of the universe, and the ultimate Judge of human affairs. Beyond this, the religious beliefs of the Jewish communities vary greatly. European Jews are extremely diverse in religious practice. The Jews have a wonderful understanding of their connection with the Abrahamic covenant. However, they also have a history of rejecting Jesus Christ as Messiah, the one who has fulfilled that covenant. Pray that as the Gospel is shared, it will not be viewed as anti-Semitic, but rather as the fulfillment of what God promised through Abraham centuries ago.
Week 4: NOVEMBER 25-DECEMBER 1 – THANKSGIVING PRAISES	
MON 25	PRAISE God for a successful and an encouraging leadership training program in October. Twenty-four Mongolian leaders met with Reach Beyond global ambassador Ron Cline, Asia Pacific staff David and Lisa, and other national faculty. Together, they grew deeper in their practices of Biblical leadership.
TUE 26	PRAISE God for our missionary appointees who were commissioned last month in ceremony at the Colorado office. Pray for Brendon and Kathryn, Ray and Kitty, Sam and Josie, and Rachel as they continue their support raising and prepare to go into the field. Pray that God would give them wisdom, encouragement and strength.
WED 27	PRAISE God for the board members of World Radio Missionary Fellowship Inc, dba Reach Beyond, and successful board meetings held at the beginning of the month. Pray for continued wisdom, discernment and unity among our board and leadership. Pray that they would seek God’s heart for the unreached, and stay focused on His will for Reach Beyond.
THU 28	PRAISE God for our missionaries serving around the world. Pray that God would bless and protect their families, and that He would bring forth fruit from their ministry efforts. Pray that wherever they are located, they would have a wonderful Thanksgiving.
FRI 29	PRAISE God for our donors and prayer partners. Thank God for the way they have come alongside Reach Beyond to help unreached people everywhere hear about Jesus, see Him in action and learn how to follow Him. Pray that God would hear their prayers and multiply their gifts so that more people would come to know Him.
SAT & SUN 30-1	WEEKEND PRAYER FOR UPGs PRAY for the Kuy Country: Thailand Population: 420,000 Language: Kuay Main Religion: Buddhism Evangelical: 0.41% The Kuy are mostly poor wet rice farmers. Farming is labor intensive, plowing with cows or water buffalo, and transporting goods by oxcart. The Kuy have an oral culture with high illiteracy. For most, education is only available for two or three years. Their beliefs are a mixture of animist and Folk Buddhist ideas with animism being the older and more dominant belief structure.
